

Welcome Everyone!

It is fantastic to have you as part of our church family!

We look forward to getting to know you, seeing how your Child grows in biblical knowledge, creative ability and depth of character, understanding and enjoyment of God's wonderful creation. It will be an amazing experience!

Health and Safety Precautions

Due to the Covid-19 pandemic, we have implemented some new and stringent health and safety protocols to ensure your safety and wellbeing in the coming days.

Here are some guidelines we will be following to ensure the safety of both the volunteer and your child.

- A) Symptoms – If you are experiencing symptoms of any sort (coughing, sore throat, fever, fatigue etc.) you must stay home. If you are unsure, please use the self-assessment tool provided by BCCDC – you can find the link here- <https://bc.thrive.health/covid19/en>
- B) Masks – we recommend non-medical masks for parents and your child when you enter into the church.
- C) Handwashing – our church will provide hand sanitizers. We recommend everyone entering into and leaving from our church to sanitize your hands.
- D) No food or drink during the children church program.
